

GEOSYSTEMS ENGINEERING NEWS

AWARD

The ISSMGE awarded Dr. Paul Mayne the great honor of delivering the SOA-1 (state-of-the-art lecture) on the theme: “Geomaterial Behavior & Testing” at the upcoming 17th International Conference on Soil Mechanics & Geotechnical Engineering (ICSMGE) in Alexandria, Egypt from Oct. 5-10, 2009 (www.issmge.org).

His presentation is based in part on the SOA-1 paper that has been co-authored by Mayne (Georgia Tech, USA), Matthew Coop (Imperial College, UK), Sarah Springman (ETH-Swiss Federal Institute of Technology, Zurich), An-Bin Huang (National Chiao Tung Univ, Taiwan), and Jorge Zornberg (Univ. of Texas-Austin). Their 100-page paper contains some 755 references and 235 figures and graphs.
