

**Georgia Tech Geosystems Engineering – Georgia ASCE Geo-Institute Chapter  
Annual Fall Geotechnical Student Poster Symposium**

**Friday November 9, 2018**

**Mason Civil Engineering Building, Georgia Tech**

In collaboration with the Georgia ASCE Geo-Institute Chapter, the Geosystems Engineering Group at Georgia Tech is organizing the 2<sup>nd</sup> Annual Fall Geotechnical Student Poster Symposium to be held on Friday November 9, 2018 at Georgia Tech. The agenda for the event is summarized below:

12:30 to 1:30 pm	Catered Lunch
1:30 to 3:00 pm	Poster Session and Lab Tour
3:00 to 3:30 pm	Announcement of award recipients and 3 minute presentations by winners
3:30 pm	Reception

***Event Details***

All graduate and undergraduate students in the Geosystems Engineering Program at Georgia Tech will prepare posters for participation in the event, and industry participants will serve as judges during the poster session. Upon submission of their poster evaluation forms, industry participants will be provided with complimentary tickets to use during the post-event reception.

Three poster awards will be given during the event as follows:

- Outstanding Graduate Fundamental Research Award
- Outstanding Graduate Applied Research Award
- Outstanding BS/MS Project Award

The winning poster students will each be invited to provide a 3-minute oral summary of their winning poster during the awards event.

Attendees will earn professional development hours (1 PDH) for participation.
